the turf. Third. Roll up your sleeves, if you forearm can stand it. Fourth. Swearing at play is bed form, though an occasional swear word, particularly from a woman, has rather a pleasant, humorous sound. Fifth. Consult the legs in the matter of breeches, remembering always that fat legs are worse than thin ones since

the pneumatic stocking's arrival. Sixth. Use a singing, staceate voice in addressing the caddie. Seventh. Resting the handle of the minutes to chalk your eue. The joke

takes well with the caddle. FATHERLAND ECHORS.

442 towns with populations of from Germany furnishes about seven-

eighths of the world's supply of coaltar dyes, its income from this source being over \$25,000,000 a year. The palace of William I. in Berlin is it, and in the bedroom is still to be seen the simple iron army bedstead

THE REALM OF SCIENCE.
